

Supporting SB 100 Through Renewable Energy Technology Advancements

December 14 2021

50
YEARS
EXPERIENCE

3D Printing
•
Renewable Energy
•
Commercialization

JASON COTRELL
MSME, MBA
Founder and CEO of
RCAM Inc.

Gabe Falzone
PhD and PMP
Materials Science and
Project Manager

ALLYSON TURK
BA Computer Science
3D Printing & Operations

MASON BELL
3D Printing Lead

We are hiring
Pumped Storage Lead
Structural Engineer
Geotechnical Engineer

\$3 Billion U.S. Tower Market
30 GW by 2030

\$15 Billion Global Anchor Market
30 GW by 2030

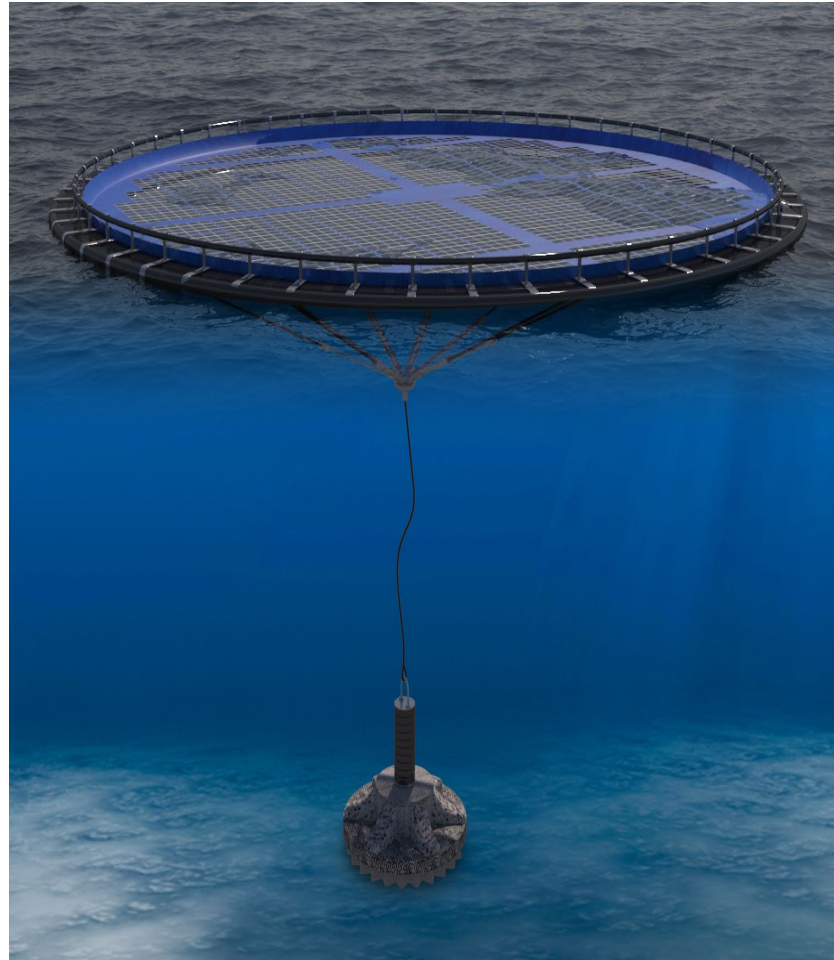

\$30 Billion U.S. Foundation Market
30 GW by 2030

Confidential and Proprietary

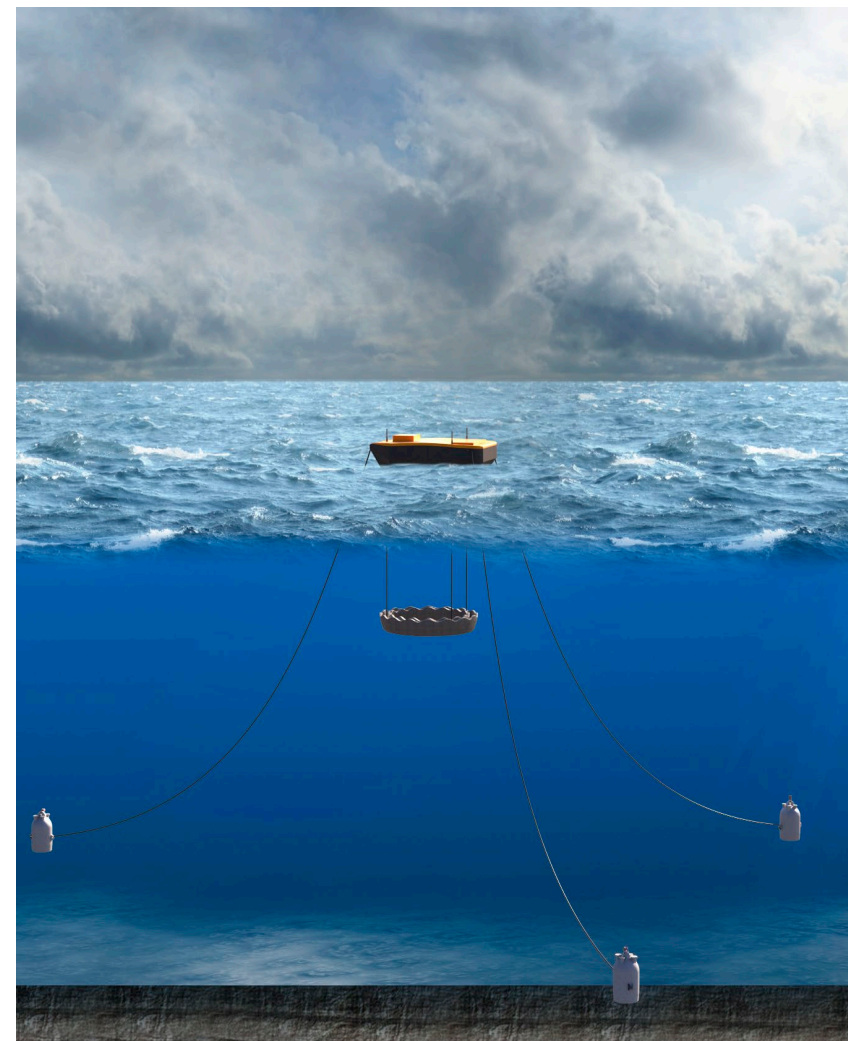

Marine Pumped Hydroelectric
Energy Storage
1 GW by 2030
10 GW 2040

Floating Solar Anchors
10 GW globally by 2025

Wave Energy Converter
Components and Anchors

RCAM's 3DCP Renewables Vision

- Lean, small footprint 3DCP manufacturing at CA ports
- Up to 100% local low-CO₂ materials
- Good jobs for disadvantaged communities
